

LIFE FRAMER International Photography Award - Call for talent!

Life Framer is a monthly photography award and curated exhibition for the present day. It's a platform and community designed to source creative work and showcase outstanding photography. Our aim is to bring exposure to talented photographers from all over the world: your talent, your vision, your life.

Every month we make a call to arms to the photographic community to provide us with their photographs that best capture our theme. We shortlist our favourites, ask a guest judge to select their winners. Winners will have the chance to be exhibited in a gallery space in central London, to win cash prizes and to receive some great recognition and online presence along the way.

The current theme is "Life". We want to find beautiful photographs that capture life at its broadest and most diverse – from the mundane to the magical, all over the world.

To find out more, and to enter online, visit www.life-framer.com

Prizes

The monthly winner:

- US\$300 cash prize and a one year subscription for a Viewbook online portfolio builder pro account.
- Your image printed, framed and displayed in our end-of-year exhibition
- Your image exhibited on our website and spread across our social media
- An interview featured on our blog
